Wrenfold Middle School: student safety policy

Purpose

This policy sets out how Wrenfold keeps students safe. It applies to every adult in the school.

Roles

Every adult at Wrenfold is a mandated reporter. The assistant principal leads student safety, with the two school counselors.

Reporting a concern

Any adult with a concern about a child tells the assistant principal the same day, in writing, and reports to child protective services as state law requires. Never promise a child to keep a secret.

Review

Reviewed every August with the Kestrel Ford School District.
